Chapter 3 In More Detail

1. The Message of the Restoration of the Gospel of Jesus Christ

This lesson answers deep questions about God, truth, and the purpose of life. It teaches that from the beginning, God has revealed His gospel through prophets, but people often rejected it. After a long period without the fullness of truth, God called Joseph Smith as a prophet to restore the gospel and Christ's Church. The Restoration brings back priesthood authority, living prophets, and answers to life's most important questions.

2. Heavenly Father's Plan of Salvation

This lesson explains God's loving plan for His children. It covers our premortal life, the purpose of mortality, the role of Jesus Christ's Atonement, and what happens after death. The plan answers questions about where we came from, why we are here, and where we are going. It emphasizes that families can be together forever and that following Jesus Christ leads to happiness and eternal life.

3. The Gospel of Jesus Christ

This lesson outlines the first principles and ordinances of the gospel: faith in Jesus Christ, repentance, baptism, receiving the gift of the Holy Ghost, and enduring to the end. It teaches that faith leads to action, repentance brings forgiveness, baptism and confirmation open the way to spiritual rebirth, and enduring in faith brings the promise of eternal life.

4. Becoming Lifelong Disciples of Jesus Christ

This lesson focuses on what it means to continue following Christ after baptism. It encourages new members to keep learning, serve others, participate in church, and share the gospel. It highlights the importance of making and keeping covenants, relying on the Savior, and staying on the covenant path throughout life.
